## Summary Section

---

### Investment Objectives

The Muhlenkamp Fund (the “Fund”) seeks to maximize total after-tax return to its shareholders through capital appreciation, and income from dividends and interest, consistent with reasonable risk.

### Fees and Expenses of the Fund

The following table describes the fees and expenses that you may pay if you buy, hold and sell shares of the Fund. You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the tables and examples below.

---

#### Shareholder Fees

*(fees paid directly from your investment)*

None

---

#### Annual Fund Operating Expenses

*(expenses that you pay each year as a percentage of the value of your investment)*

Management Fees	1.00%
Distribution and Service (Rule 12b-1) Fees	0.00%
Other Expenses	0.29%
Acquired Fund Fees and Expenses <sup>(1)</sup>	0.06%
Total Annual Fund Operating Expenses	1.35%
Less: Fee Waiver <sup>(2)</sup>	(0.19)%
Total Annual Fund Operating Expenses After Fee Waiver <sup>(1)(2)</sup>	1.16%

---

<sup>(1)</sup> The Total Annual Fund Operating Expenses for the Fund do not correlate to the ratio of operating expenses to average net assets in the "Financial Highlights" section of the Fund's Statutory Prospectus, which reflects the operating expenses of the Fund and does not include acquired fund fees and expenses ("AFFE").

<sup>(2)</sup> Muhlenkamp & Company, Inc. (the “Adviser”) has contractually agreed to waive its management fees, and pay Fund expenses, in order to ensure that Total Annual Fund Operating Expenses (excluding AFFE, leverage/borrowing interest, interest expense, taxes, brokerage commissions, and extraordinary expenses) do not exceed 1.10% of the Fund’s average daily net assets. Fees waived and expenses paid by the Adviser may be recouped by the Adviser for a period of 36 months following the date on which such fee waiver and expense payment was made if such recoupment can be achieved without exceeding the expense limit in effect at the time the fee waiver and expense payment occurred and the expense limit in place at the time of recoupment. The Operating Expenses Limitation Agreement is indefinite, but cannot be terminated through at least April 30, 2022. Thereafter, the agreement may be terminated at any time upon 60 days’ written notice by the Trust’s Board of Trustees (the “Board”) or the Adviser.

### Example

This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same (taking into account the expense limitation for one year). Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
118	409	721	1607

### **Portfolio Turnover**

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in Annual Fund Operating Expenses or in the Example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 24.64% of the average value of its portfolio.

### **Principal Investment Strategies**

The Fund principally invests in a diversified list of common stocks of companies of any capitalization, determined by the investment adviser to be highly profitable, yet undervalued. The Adviser looks for companies it believes to have above-average profitability, as measured by corporate return-on-equity, and that sell at below-average prices, as measured by price-to-earnings-ratios. To determine average profitability and average price, the Adviser uses data produced by various independent research organizations. In pursuing its investment objectives, the Fund may also invest in exchange-traded funds (“ETF”s) and in securities of foreign issuers, including American Depositary Receipts (“ADR”s). The Fund may purchase investment grade fixed income or debt securities, of any maturity or duration, from time to time as substitutes for stocks when the Adviser determines that market conditions warrant their purchase. The Fund intends to invest for the long-term, but may sell stocks and other securities regardless of how long they have been held.

At the Adviser’s discretion, the Fund may invest up to 100% of its assets in cash, cash equivalents, and high-quality, short-term debt securities and money market instruments (i) to retain flexibility in meeting redemptions, paying expenses, and identifying and assessing investment opportunities, and (ii) for temporary defensive purposes in response to adverse market, economic or political conditions. Such investments may result in the Fund not achieving its investment objectives.

### **Principal Risks**

As with any mutual fund, there are risks to investing. An investment in the Fund is not a deposit of a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation (“FDIC”) or any other governmental agency. Remember, in addition to possibly not achieving your investment goals, **you could lose all or a portion of your investment in the Fund over short or even long periods of time.** The principal risks of investing in the Fund are:

*General Market Risk.* The Fund’s net asset value (“NAV”) and investment return will fluctuate based upon changes in the value of its portfolio securities. Certain securities selected for the Fund’s portfolio may be worth less than the price originally paid for them, or less than they were worth at an earlier time.

*Management Risk.* The Fund may not meet its investment objectives or may underperform mutual funds with similar strategies if the Adviser cannot successfully implement the Fund’s investment strategies.

*Equity Securities Risk.* The equity securities held in the Fund’s portfolio may experience sudden, unpredictable drops in value or long periods of decline in value. This may occur because of factors that affect securities markets generally or factors affecting specific industries, sectors or companies in which the Fund invests.

*Large-Cap, Mid-Cap and Small-Cap Companies Risk.* The Fund’s investment in larger companies is subject to the risk that larger companies are sometimes unable to attain the high growth rates of successful, smaller companies, especially during extended periods of economic expansion. Securities of

mid-cap and small-cap companies may be more volatile and less liquid than the securities of large-cap companies.

*Value-Style Investing Risk.* The Fund's value investments are subject to the risk that their intrinsic values may not be recognized by the broad market or that their prices may decline.

*ETF Risk.* The market price of an ETF will fluctuate based on changes in the ETF's net asset value as well as changes in the supply and demand of its shares in the secondary market. It is also possible that an active secondary market of an ETF's shares may not develop and market trading in the shares of the ETF may be halted under certain circumstances. The lack of liquidity in a particular ETF could result in it being more volatile than the ETF's underlying portfolio of securities. In addition, the Fund will bear its pro rata portion of an ETF's expenses and the Fund's expenses may therefore be higher than if it invested directly in securities.

*Foreign Securities Risk.* Investments in securities of foreign issuers involve risks not ordinarily associated with investments in securities and instruments of U.S. issuers, including risks relating to political, social and economic developments abroad; differences between U.S. and foreign regulatory and accounting requirements; tax risks and market practices; as well as fluctuations in foreign currencies. There may be less information publicly available about foreign companies than about a U.S. company, and many foreign companies are not subject to accounting, auditing, and financial reporting standards, regulatory framework and practices comparable to those in the U.S.

*ADR Risk.* ADRs are generally subject to the same risks as foreign securities because their values depend on the performance of the underlying foreign securities. ADRs may be purchased through "sponsored" or "unsponsored" facilities. A sponsored facility is established jointly by the issuer of the underlying security and a depositary, whereas a depositary may establish an unsponsored facility without participation by the issuer of the depositary security. Holders of unsponsored ADRs generally bear all the costs of such depositary receipts, and the issuers of unsponsored ADRs frequently are under no obligation to distribute shareholder communications received from the company that issues the underlying foreign securities or to pass through voting rights to the holders of the ADRs. As a result, there may not be a correlation between such information and the market values of unsponsored ADRs.

*Currency Risk.* When the Fund buys or sells securities on a foreign stock exchange, the transaction is undertaken in the local currency rather than in U.S. dollars, which carries the risk that the value of the foreign currency will increase or decrease, which may impact the value of the Fund's portfolio holdings and your investment. Foreign countries may adopt economic policies and/or currency exchange controls that affect its currency valuations in a disadvantageous manner for U.S. investors and companies and restrict or prohibit the Fund's ability to repatriate both investment capital and income, which could place the Fund's assets in such country at risk of total loss.

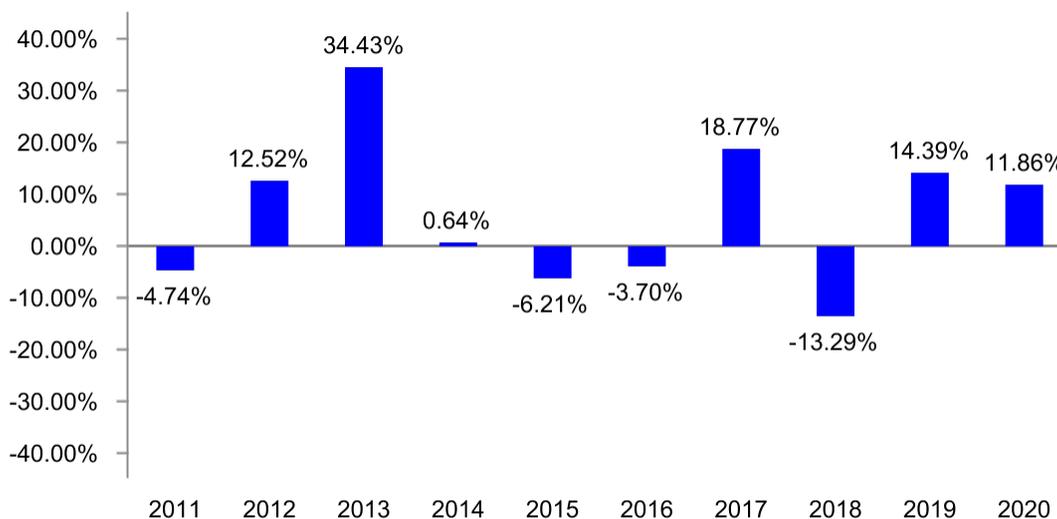

*Debt Securities Risk.* The Fund's investments in debt securities will be subject to credit risk, interest rate risk, prepayment risk, and duration risk. Credit risk is the risk that an issuer will not make timely payments of principal and interest. Interest rate risk is the risk that the value of debt securities fluctuates with changes in interest rates (*e.g.*, increases in interest rates result in a decrease in value of debt securities). The Fund will be exposed to heightened interest rate risk as interest rates rise from historically low levels. Pre-payment risk is the risk that the principal on debt securities will be paid off prior to maturity causing the Fund to invest in debt securities with lower interest rates. Duration risk is the risk that holding long duration and long maturity investments will magnify certain other risks, including interest rate risk and credit risk.

*Epidemic Risk.* Widespread disease, including pandemics and epidemics have been and can be highly disruptive to economies and markets, adversely impacting individual companies, sectors, industries, markets, currencies, interest and inflation rates, credit ratings, investor sentiment, and other factors affecting the value of the Fund’s investments. Given the increasing interdependence among global economies and markets, conditions in one country, market, or region are increasingly likely to adversely affect markets, issuers, and/or foreign exchange rates in other countries, including the U.S. These disruptions could prevent the Fund from executing advantageous investment decisions in a timely manner and negatively impact the Fund’s ability to achieve its investment objectives. Any such event(s) could have a significant adverse impact on the value and risk profile of the Fund.

**Performance**

The accompanying bar chart and table provide some indication of the risks of investing in the Fund by showing changes in the Fund’s performance from year-to-year and by showing how the Fund’s average annual returns for certain periods compare with those of broad measures of market performance. Following the bar chart is the Fund’s highest and lowest return for a quarter during the period shown in the bar chart. The Fund’s past performance (before and after taxes) is not necessarily an indication of how the Fund will perform in the future. Updated performance information is available on the Fund’s website at <https://muhlx.muhlenkamp.com/>.

**Calendar Year Total Returns as of December 31**

Best Quarter		Worst Quarter	
Q2 2020	22.86%	Q1 2020	-27.04%

**Average Annual Total Returns for the periods ended December 31, 2020<sup>(1)</sup>**

	<b>One Year</b>	<b>Five Years</b>	<b>Ten Years</b>	<b>Since Inception (11/01/1988)</b>
Return Before Taxes	0.1186	0.0488	0.0561	0.0856
Return After Taxes on Distributions	0.0937	0.035	0.0411	0.078
Return After Taxes on Distributions and Sale of Fund Shares	0.0879	0.0367	0.0436	0.0755
S&P 500 <sup>®</sup> Total Return Index (reflects no deduction for fees, expenses or taxes)	0.184	0.1522	0.1388	0.1079

(1) The Muhlenkamp Fund, a series of Wexford Trust, (the “Predecessor Fund”) transferred into the Fund in a tax-free reorganization on September 5, 2014. Performance information shown includes the performance of the Predecessor Fund for periods prior to September 5, 2014.

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. The “Return After Taxes on Distributions and Sale of Fund Shares” may be higher than other return figures because when a capital loss occurs upon redemption of portfolio shares, a tax deduction is provided that benefits the investor. Actual after-tax returns depend on your situation and may differ from those shown. Furthermore, the after-tax returns shown are not relevant to those who hold their shares through tax-advantaged arrangements such as 401(k) plans or individual retirement accounts (“IRAs”).

**Management***Investment Adviser*

Muhlenkamp & Company, Inc. is the Fund’s investment adviser.

*Portfolio Manager*

Jeffrey P. Muhlenkamp has served as lead portfolio manager of the Fund since February 2019 and as the Fund’s co-manager since November 2013, through the Predecessor Fund.

**Purchase and Sale of Shares**

You may purchase and redeem Fund shares on any day that the New York Stock Exchange (“NYSE”) is open for business by written request via mail (Muhlenkamp Fund, c/o U.S. Bank Global Fund Services, 615 East Michigan Street, Milwaukee, Wisconsin 53202-5207), by wire transfer, by using the Fund online account access at <https://muhlx.muhlenkamp.com/account-access/>, by telephone at 800-860-3863, or through a financial intermediary. The minimum initial investment amount is \$1,500 or \$200 for those accounts participating in the Fund’s Automatic Investment Plan. Subsequent purchases may be made with a minimum investment amount of \$50.

**Tax Information**

The Fund’s distributions are generally taxable, and will be taxed as ordinary income or capital gains, unless you are a tax-exempt organization or are investing through a tax-advantaged arrangement such as a 401(k) plan or IRA. Distributions on investments made through tax-advantaged arrangements may be taxed as ordinary income when withdrawn from those accounts.

**Payments to Broker-Dealers and Other Financial Intermediaries**

If you purchase Fund shares through a broker-dealer or other financial intermediary (such as a bank or financial advisor), the Fund and/or its Adviser may pay the intermediary for the sale of Fund shares and related services. These payments may create conflicts of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary's website for more information.

## Investment Objectives, Strategies, Risks and Disclosure of Portfolio Holdings

---

### Investment Objectives

The Fund's investment objectives are to maximize total after-tax return to its shareholders through capital appreciation, and income from dividends and interest, consistent with reasonable risk. The Fund's investment objectives are not fundamental, which means that they can be changed without shareholder approval. However, shareholders will receive a 60 day notice prior to making any changes to the Fund's investment objectives.

### Principal Investment Strategies

To pursue its goal, the Fund principally invests in a diversified list of common stocks. The Fund invests primarily in companies determined by the Adviser to be highly profitable, yet undervalued. The Adviser looks for those companies it believes to have above-average profitability, as measured by corporate return on equity ("ROE"), and that sell at below-average prices as measured by price to earnings ratios ("P/E"). To determine average profitability and average price, the Adviser uses data produced by various independent research organizations. Company size, based on market capitalization, is of little importance to the Adviser. In pursuing its investment objectives, the Fund may also invest in securities of foreign issuers, including ADRs.

The Fund does not subscribe to the philosophy that stocks can be acquired and held forever; however, the Adviser purchases stocks for the Fund that it generally holds for three or more years. While short-term swings in the marketplace are not ignored, they are subordinate to the quest for long-term values.

The Adviser believes that the success of a stock is dependent upon, and invariably a reflection of, the quality of a company's management. Therefore, the Adviser assesses management's ability prior to investing the Fund's assets in a particular company. The Adviser's assessment may include an analysis of historical financial achievements of the company, direct discussions with management, visits to the company, conversations with security analysts who actively follow the company, and discussions with competitors, suppliers and customers of the company.

The Fund may purchase investment grade fixed-income or debt securities, of any maturity or duration, from time to time as substitutes for stocks when the Adviser determines that market conditions warrant their purchase.

The Fund will sell a stock when the Adviser believes the company's intrinsic value has been fully realized by the market, earnings disappoint, growth prospects dim due to changing market or economic conditions, the company falls short of the Adviser's expectations, or the Adviser finds a better investment.

The Fund intends to invest for the long-term, but may sell stocks and other securities regardless of how long they have been held. Over the Fund's lifetime, the average portfolio turnover rate has been less than 50% per year.

*Cash or Similar Investments and Temporary Strategies of the Fund.* At the Adviser's discretion, the Fund may invest in high-quality, short-term debt securities and money market instruments for (i) temporary defensive purposes in amounts up to 100% of the Fund's assets in response to adverse market, economic or political conditions and (ii) retaining flexibility in meeting redemptions, paying expenses, and identifying and assessing investment opportunities. These short-term debt securities and money market instruments include cash, shares of other mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. government securities, and repurchase agreements. To the extent that the Fund invests in money market mutual funds for its cash position, there will be some duplication of expenses because the Fund will bear its pro rata portion of such money market funds' management fees and operational expenses. Taking a temporary defensive position may result in the Fund not achieving its investment objectives.

## Principal Risks of Investing in the Fund

Before investing in the Fund, you should carefully consider your own investment goals, the amount of time you are willing to leave your money invested, and the amount of risk you are willing to take. An investment in the Fund is not a deposit of a bank and is not insured or guaranteed by the FDIC or any other governmental agency. There can be no assurance that the Fund will achieve its investment objective. Remember, in addition to possibly not achieving your investment goals, **you could lose all or a portion of your investment in the Fund.** The principal risks of investing in the Fund are:

*General Market Risk.* The NAV and investment return of the Fund will fluctuate based upon changes in the value of the Fund's portfolio securities. The market value of a security may move up or down, sometimes rapidly and unpredictably. These fluctuations may cause a security to be worth less than the price originally paid for it, or less than it was worth at an earlier time. Market risk may affect a single issuer, industry, sector of the economy or the market as a whole. U.S. and international markets have experienced, and may continue to experience, volatility, which may increase risks associated with an investment in the Fund. Certain social, political, economic, environmental and other conditions and events (such as natural disasters and weather related phenomena generally, epidemics and pandemics, terrorism, conflicts and social unrest) may adversely interrupt the global economy and result in prolonged periods of significant market volatility. The market value of securities in which the Fund invests is based upon the market's perception of value and is not necessarily an objective measure of the securities' value. In some cases, for example, the stock prices of individual companies have been negatively affected even though there may be little or no apparent degradation in the financial condition or prospects of the issuers. Similarly, the debt markets have experienced substantially lower valuations, reduced liquidity, price volatility, credit downgrades, increased likelihood of default, and valuation difficulties. As a result of this significant volatility, many of the following risks associated with an investment in the Fund may increase. Continuing market problems may have adverse effects on the Fund.

*Management Risk.* The ability of the Fund to meet its investment objectives is directly related to the Adviser's investment strategies for the Fund. The value of your investment in the Fund may vary with the effectiveness of the Adviser's research, analysis and asset allocation among portfolio securities. If the Adviser's investment strategies do not produce the expected results, the value of your investment may diminish or even be lost entirely and the Fund could underperform other mutual funds with similar investment objectives.

*Equity Securities Risk.* The Fund's investments in equity securities are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. These investor perceptions are based on various and unpredictable factors including: expectations regarding government, economic, monetary and fiscal policies; inflation and interest rates; economic expansion or contraction; global and/or regional political, economic and banking crises; and factors affecting specific industries, sectors or companies in which the Fund invests. The Fund's net asset value and investment return will fluctuate based upon changes in the value of its portfolio securities.

*Large-Cap Company Risk.* The Fund's investments in larger, more established companies are subject to the risk that larger companies are sometimes unable to attain the high growth rates of successful, smaller companies, especially during extended periods of economic expansion. Larger, more established companies may be unable to respond quickly to new competitive challenges such as changes in consumer tastes or innovative smaller competitors, potentially resulting in lower markets for their common stock.

*Mid-Cap and Small-Cap Companies Risk.* The mid-cap and small-cap companies in which the Fund invests may not have the management experience, financial resources, product diversification and competitive strengths of large-cap companies. Therefore, their securities may be more volatile and less liquid than the securities of larger, more established companies. Mid-cap and small-cap company stocks may also be bought and sold less often and in smaller amounts than larger company stocks. Because of this, if the Adviser wants to sell a large quantity of a mid-cap or small-cap company stock, it may have to sell at a lower price than it would prefer, or it may have to sell in smaller than desired quantities over a period of time. Analysts and other investors may follow these companies less actively and therefore information about these companies may not be as readily available as it is for large-cap companies. The risks associated with securities of mid-cap and small-cap companies magnify as a company's market capitalization becomes smaller.

*Value-Style Investing Risk.* The Fund's investments in value stocks may react differently to issuer, political, market, and economic developments than the general market and investments in other types of stocks. Value stocks tend to be inexpensive relative to their earnings or assets compared to other types of stocks. However, value stocks may continue to be inexpensive for long periods of time and may not ever realize their full value. Also, if the market does not consider a stock to be undervalued, then the value of the stock may decline even if stock prices are generally rising.

*ETF Risk.* Because the Fund invests in ETFs, it is subject to additional risks that do not apply to conventional mutual funds, including the risks that the market price of an ETF's shares may trade at a discount to its NAV per share, an active secondary trading market may not develop or be maintained, and trading may be halted by, or the ETF may be delisted from, the exchange in which they trade, which may impact the Fund's ability to sell its shares. The lack of liquidity in a particular ETF could result in it being more volatile than the ETF's underlying portfolio of securities. ETFs are also subject to the risks of the underlying securities or sectors the ETF is designed to track and there are brokerage commissions paid in connection with buying or selling ETF shares. In addition, ETFs have management fees and other expenses. The Fund will bear its pro rata portion of these expenses and therefore the Fund's expenses may be higher than if it invested directly in securities.

*Foreign Securities Risk.* The risks of investing in securities of foreign companies involves risks not generally associated with investments in securities of U.S. companies, including risks relating to political, social and economic developments abroad and differences between U.S. and foreign regulatory requirements and market practices. Securities that are denominated in foreign currencies are subject to the further risk that the value of the foreign currency will fall in relation to the U.S. dollar and/or will be affected by volatile currency markets or actions of U.S. and foreign governments or central banks. Foreign securities may be subject to greater fluctuations in price than securities of U.S. companies because foreign markets may be smaller and less liquid than U.S. markets. There may be less information publicly available about foreign companies than about a U.S. company, and many foreign companies are not subject to accounting, auditing, and financial reporting standards, regulatory framework and practices comparable to those in the U.S. Ongoing concerns regarding the economies of certain European countries and/or their sovereign debt, as well as the possibility that one or more countries might leave the European Union (the “EU”), create risks for investing in the EU. In 2020, the United Kingdom (the “UK”) withdrew from the EU (known as “Brexit”). As a result of Brexit, the financial markets experienced high levels of volatility and there is still uncertainty as to the arrangements that will apply to the UK’s relationship with the EU and other countries going forward. This prolonged uncertainty may affect other countries in the EU and elsewhere. The exit by the UK or other member states, will likely result in increased uncertainty, volatility, illiquidity and potentially lower economic growth in the affected markets.

*Currency Risk.* When the Fund buys or sells securities on a foreign stock exchange, the transaction is undertaken in the local currency rather than in U.S. dollars. In purchasing or selling local currency to execute transactions on foreign exchanges, the Fund will be exposed to the risk that the value of the foreign currency will increase or decrease, which may impact the value of the Fund’s portfolio holdings. Some countries have and may continue to adopt internal economic policies that affect its currency valuations in a manner that may be disadvantageous for U.S. investors or U.S. companies seeking to do business in those countries. In addition, a country may impose formal or informal currency exchange controls. These controls may restrict or prohibit the Fund’s ability to repatriate both investment capital and income, which could undermine the value of the Fund’s portfolio holdings and potentially place the Fund’s assets at risk of total loss.

*ADR Risk.* ADRs are generally subject to the same risks as the foreign securities because their values depend on the performance of the underlying foreign securities. ADRs may be purchased through “sponsored” or “unsponsored” facilities. A sponsored facility is established jointly by the issuer of the underlying security and a depository, whereas a depository may establish an unsponsored facility without participation by the issuer of the depository security. Holders of unsponsored ADRs generally bear all the costs of such depository receipts, and the issuers of unsponsored ADRs frequently are under no obligation to distribute shareholder communications received from the company that issues the underlying foreign securities or to pass through voting rights to the holders of the ADRs. As a result, there may not be a correlation between such information and the market values of unsponsored ADRs.

*Debt Securities Risks.* Debt securities are subject to the following risks:

*Call Risk.* During periods of declining interest rates, a bond issuer may “call,” or repay, its high yielding bonds before their maturity dates. In this event the Fund would then be forced to invest the unanticipated proceeds at lower interest rates, resulting in a decline in its income.

*Credit Risk.* Issuers of debt securities may be unable to make principal and interest payments when they are due. There is also the risk that the securities could lose value because of a loss of confidence in the ability of the issuer to pay back debt. The degree of credit risk for a particular security may be reflected in its credit rating. Lower rated debt securities involve greater credit risk, including the possibility of default or bankruptcy.

*Interest Rate Risk.* Debt securities could lose value because of interest rate changes. For example, bonds tend to decrease in value if interest rates rise. Debt securities with longer maturities sometimes offer higher yields, but are subject to greater price shifts as a result of interest rate changes than debt securities with shorter maturities. The Fund will be exposed to heightened interest rate risk as interest rates rise from historically low levels. Substantial redemptions from bond and other income funds may worsen that impact. Other types of securities also may be adversely affected from an increase in interest rates.

*Reinvestment Risk.* If the Fund reinvests the proceeds of matured or sold securities at market interest rates that are below its portfolio earnings rate, its income will decline.

*Prepayment Risk and Extension Risk.* Prepayment occurs when the issuer of a debt security repays principal prior to the security's maturity. During periods of declining interest rates, issuers may increase pre-payments of principal, which may in turn cause the Fund to invest in debt securities with lower yields, thus reducing income generation. Similarly, during periods of increasing interest rates, issuers may decrease pre-payments of principal, thereby extending the duration of debt securities potentially to maturity. This is known as extension risk and may increase the Fund's sensitivity to rising rates and the potential for price declines. Debt securities with longer maturities are subject to greater price shifts as a result of interest rate changes. Also, if the Fund is unable to liquidate lower yielding securities to take advantage of a higher interest rate environment, its ability to generate income may be adversely affected. The potential impact of prepayment features on the price of a debt security can be difficult to predict and result in greater volatility.

*Duration Risk.* The Fund has no set policy regarding the maturity or duration of any or all of its securities. Holding long duration and long maturity investments will magnify certain risks, including interest rate risk and credit risk.

*Epidemic Risk.* Widespread disease, including pandemics and epidemics have been and can be highly disruptive to economies and markets, adversely impacting individual companies, sectors, industries, markets, currencies, interest and inflation rates, credit ratings, investor sentiment, and other factors affecting the value of the Fund's investments. Given the increasing interdependence among global economies and markets, conditions in one country, market, or region are increasingly likely to adversely affect markets, issuers, and/or foreign exchange rates in other countries, including the U.S. These disruptions could prevent the Fund from executing advantageous investment decisions in a timely manner and negatively impact the Fund's ability to achieve its investment objectives. Any such event(s) could have a significant adverse impact on the value and risk profile of the Fund.

## **Portfolio Holdings**

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio holdings is available in the Fund's Statement of Additional Information ("SAI").

## Management of the Fund

---

### Investment Adviser

The Trust has entered into an investment advisory agreement (“Advisory Agreement”), on behalf of the Fund, with Muhlenkamp & Company, Inc. located at 5000 Stonewood Drive, Suite 300, Wexford, Pennsylvania, 15090-8395. Established in 1977, the Adviser is an SEC-registered investment adviser that provides investment advisory services to corporations, individuals, pension and profit-sharing plans, and endowment funds. As of March 31, 2021, the Adviser’s assets under management were approximately \$291.58 million. Under the Advisory Agreement, the Adviser manages the Fund’s investments subject to the supervision of the Board.

The Adviser has overall supervisory responsibility for the general management and investment of the Fund’s securities portfolio. The Adviser also furnishes the Fund with office space and certain administrative services and provides most of the personnel needed to fulfill its obligations under its Advisory Agreement. For its services, the Fund pays the Adviser a monthly management fee that is calculated at the annual rate of 1.00% of the Fund’s average daily net assets up to \$300 million, 0.95% of the Fund’s average daily net assets on the next \$200 million, and 0.90% of the Fund’s average daily net assets on the balance. For the fiscal year ended December 31, 2020, the Adviser received management fees of 0.81% of the Fund’s average daily net assets after application of the Operating Expenses Limitation Agreement.

*Fund Expenses.* The Fund is responsible for its own operating expenses. Pursuant to an Operating Expenses Limitation Agreement between the Adviser and the Trust, on behalf of the Fund, the Adviser has agreed to waive its management fees, and pay Fund expenses, in order to ensure that Total Annual Fund Operating Expenses (excluding AFPE, leverage/borrowing interest, interest expense, taxes, brokerage commissions, and extraordinary expenses) do not exceed 1.10% of the Fund’s average daily net assets (the “Expense Cap”). After February 28, 2022, the Operating Expenses Limitation Agreement provides that the Expense Cap will be 1.20%. Management fees waived and expenses paid by the Adviser may be recouped by the Adviser for a period of 36 months following the month during which such fee waiver and expense payment was made, if such recoupment can be achieved without exceeding the expense limit in effect at the time the fee waiver and expense payment occurred and the expense limit in effect at the time of the recoupment. The Operating Expenses Limitation Agreement is indefinite, but cannot be terminated through at least April 30, 2022. Thereafter, the agreement may be terminated at any time upon 60 days’ written notice by the Board or the Adviser.

A discussion regarding the basis for the Fund’s Board of Trustees’ (“Board”) approval of the Fund’s investment advisory agreement with the Adviser is available in the Fund’s Semi-Annual Report to shareholders for the period ended June 30, 2020.

The Fund, as a series of the Trust, does not hold itself out as related to any other series of the Trust for purposes of investment and investor services, nor does it share the same investment adviser with any other series.

## Portfolio Manager

### **Jeffrey P. Muhlenkamp**

Mr. Jeffrey P. Muhlenkamp served as the lead portfolio manager of the Fund as of February 2019, and has served as co-manager of the Fund since November 2013, and has served as an analyst of the Adviser since 2008.

Mr. Muhlenkamp holds a Bachelor of Science degree in Electrical Engineering from the United States Military Academy and an MA in Organizational Leadership from Chapman University, and he has earned the CFA Institute's designation as a Chartered Financial Analyst®. His long-term investment assets are also invested in the Fund.

In addition to the above duties, Mr. Muhlenkamp serves as the principal in charge of all of the Adviser's investment management and research activities.

The SAI provides additional information about the portfolio manager's compensation, other accounts managed by the portfolio manager, and the portfolio manager's ownership of shares of the Fund.

Mr. Ronald H. Muhlenkamp had served as portfolio manager of the Fund since its inception in 1988. He retired as Portfolio Manager on February 15, 2019; but retains majority ownership of Muhlenkamp & Company, Inc. and serves as its Chairman of the Board.

## Shareholder Information

---

### Pricing of Fund Shares

The price of the Fund's shares is the Fund's NAV per share, which is calculated by dividing its total assets, less its liabilities, by the number of shares outstanding. The NAV is calculated at the close of regular trading of the NYSE, which is generally 4:00 p.m., Eastern Time. The NAV will not be calculated nor may investors purchase or redeem Fund shares on days that the NYSE is closed for trading, even though certain securities (*i.e.*, foreign or debt securities) may trade on days the NYSE is closed, and such trading may materially affect the Fund's NAV.

The Fund's assets are generally valued at their market price using valuations provided by independent pricing services. Fixed income securities with remaining maturities of 60 days or less are valued at amortized cost. When market quotations are not readily available, a security or other asset is valued at its fair value as determined under fair value pricing procedures approved by the Board of Trustees. These fair value pricing procedures will also be used to price a security when corporate events, events in the securities market and/or world events cause the Adviser to believe that a security's last sale price may not reflect its actual market value. The intended effect of using fair value pricing procedures is to ensure that the security, and ultimately the Fund, is accurately priced. The Board will regularly evaluate whether the Trust's fair value pricing procedures continue to be appropriate in light of the specific circumstances of the Fund and the quality of prices obtained through the application of such procedures by the Trust's valuation committee.

When fair value pricing is employed, security prices that the Fund uses to calculate its NAV may differ from quoted or published prices for the same securities. Due to the subjective and variable nature of fair value pricing, it is possible that the fair value price determined for a particular security may be materially different (higher or lower) from the price of the security quoted or published by others and/or from the value when trading resumes or realized upon its sale. Therefore, if a shareholder purchases or redeems Fund shares when the Fund holds securities priced at fair value, the number of shares purchased or redeemed may be higher or lower than it would be if the Fund were using market value pricing.

In the case of foreign securities, the occurrence of certain events after the close of foreign markets, but prior to the time the Fund's NAV is calculated (such as a significant surge or decline in the U.S. or other markets) often will result in an adjustment to the trading prices of foreign securities when foreign markets open on the following business day. If such events occur, the Fund will value foreign securities at fair value, taking into account such events, in calculating the NAV. In such cases, use of fair valuation can reduce an investor's ability to profit by estimating the Fund's NAV in advance of the time the NAV is calculated. The Adviser anticipates that the Fund's portfolio holdings will be priced at fair value only if market quotations for those holdings are unavailable or considered unreliable.

### **How to Purchase Fund Shares**

Shares of the Fund are purchased at the next NAV per share calculated after your purchase order is received in good order by the Fund (as defined below). Shares may be purchased directly from the Fund or through a financial intermediary, including but not limited to, certain brokers, financial planners, financial advisors, banks, insurance companies, retirement, benefit and pension plans or certain packaged investment products.

Shares of the Fund have not been registered and are not offered for sale outside of the United States. The Fund generally does not sell shares to investors residing outside the United States, even if they are United States citizens or lawful permanent residents, except to investors with United States military APO or FPO addresses or in certain other circumstances where the Chief Compliance Officer and Anti-Money Laundering Officer for the Trust both conclude that such sale is appropriate and is not in contravention of U.S. law.

A service fee, currently \$25, as well as any loss sustained by the Fund, will be deducted from a shareholder's account for any purchases that do not clear. The Fund and U.S. Bancorp Fund Services, LLC, doing business as U.S. Bank Global Fund Services, the Fund's transfer agent (the "Transfer Agent"), will not be responsible for any losses, liability, cost or expense resulting from rejecting any purchase order.

*Investment Minimums.* The minimum initial investment amount is \$1,500, or \$200 for those accounts participating in the Automatic Investment Plan. The minimum investment amount for subsequent investments is \$50. The Adviser reserves the right to waive the minimum initial investment or minimum subsequent investment amounts at its discretion. Shareholders will be given at least 30 days' written notice of any increase in the minimum dollar amount of initial or subsequent investments.

*Purchases through Financial Intermediaries.* For share purchases through a financial intermediary, you must follow the procedures established by your financial intermediary. Your financial intermediary is responsible for sending your purchase order and payment to the Fund's Transfer Agent. Your financial intermediary holds the shares in your name and receives all confirmations of purchases and sales from the

Fund. Your financial intermediary may charge for the services that it provides to you in connection with processing your transaction order or maintaining your account with them.

If you place an order for the Fund's shares through a financial intermediary that is authorized by the Fund to receive purchase and redemption orders on its behalf (an "Authorized Intermediary"), your order will be processed at the NAV next calculated after receipt by the Authorized Intermediary, consistent with applicable laws and regulations. Authorized Intermediaries are authorized to designate other Authorized Intermediaries to receive purchase and redemption orders on the Fund's behalf.

If your financial intermediary is not an Authorized Intermediary, your order will be processed at the NAV next calculated after the Transfer Agent receives your order from your financial intermediary. Your financial intermediary must agree to send to the Transfer Agent immediately available funds in the amount of the purchase price in accordance with the Transfer Agent's procedures. If payment is not received within the time specified, the Transfer Agent may rescind the transaction and your financial intermediary will be held liable for any resulting fees or losses. Financial intermediaries that are not Authorized Intermediaries may set cut-off times for the receipt of orders that are earlier than the cut-off times established by the Fund.

#### **Purchase Requests Must be Received in Good Order**

Your share price will be based on the next NAV per share calculated after the Transfer Agent or your Authorized Intermediary receives your purchase request in good order. "Good order" means that your purchase request includes:

- The name of the Fund;
- The dollar amount of shares to be purchased;
- Your account application or Invest By Mail form that is attached to your confirmation statement; and
- A check payable to the Muhlenkamp Fund.

An Account Application to purchase Fund shares is subject to acceptance by the Fund and is not binding until so accepted. The Fund reserves the right to reject any Account Application or to reject any purchase order if, in its discretion, it is in the Fund's best interest to do so. For example, a purchase order may be refused if it appears so large that it would disrupt the management of the Fund. Purchases may also be rejected from persons believed to be "market-timers," as described under "Tools to Combat Frequent Transactions," below. Accounts opened by entities, such as credit unions, corporations, limited liability companies, partnerships or trusts, will require additional documentation. Please note that if any information listed above is missing, your Account Application will be returned and your account will not be opened.

Upon acceptance by the Fund, all purchase requests received in good order before the close of the NYSE (generally 4:00 p.m., Eastern Time) will be processed at the NAV next calculated after receipt. Purchase requests received after the close of the NYSE (generally 4:00 p.m., Eastern Time) will be priced on the next business day.

*Purchase by Mail.* To purchase Fund shares by mail, simply complete and sign the Account Application and mail it, along with a check made payable to the Fund:

**Regular Mail**

Muhlenkamp Fund  
c/o U.S. Bank Global Fund Services  
P.O. Box 701  
Milwaukee, WI 53201-0701

**Overnight or Express Mail**

Muhlenkamp Fund  
c/o U.S. Bank Global Fund Services  
615 East Michigan Street, 3rd Floor  
Milwaukee, WI 53202

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at U.S. Bancorp Fund Services, LLC post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent. Receipt of purchase orders or redemption requests is determined at the time the order is received at the Transfer Agent's offices. All purchase checks must be in U.S. dollars drawn on a domestic financial institution. The Fund will not accept payment in cash or money orders. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks or starter checks for the purchase of shares. The Fund is unable to accept post-dated checks, or any conditional order or payment.

*Purchase by Wire.* If you are making your first investment in the Fund, the Transfer Agent must have a completed Account Application before you wire the funds. You can mail or use an overnight service to deliver your Account Application to the Transfer Agent at the applicable address above. Upon receipt of your completed Account Application, the Transfer Agent will establish an account for you. Once your account has been established, you may instruct your bank to send the wire. Prior to sending the wire, please call the Transfer Agent at 800-860-3863 to advise them of the wire and to ensure proper credit upon receipt. Your bank must include the name of the Fund, your name and your account number so that your wire can be correctly applied. Your bank should transmit immediately available funds by wire to:

Wire to:	U.S. Bank N.A.
ABA Number:	75000022
Credit:	U.S. Bancorp Fund Services, LLC
Account:	112-952-137
Further Credit:	Muhlenkamp Fund (Shareholder Name/Account Registration) (Shareholder Account Number)

Wired funds must be received prior to the close of the NYSE (generally 4:00 p.m., Eastern Time) to be eligible for same day pricing. The Fund and U.S. Bank N.A., the Fund's custodian, are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.

*Investing by Telephone or Internet.* You may not make initial purchases of Fund shares by telephone or Internet. If you have accepted telephone or online account access on your Account Application or have been authorized to perform telephone or Internet transactions by subsequent arrangement in writing with the Fund and your account has been open for at least 7 business days, you may purchase additional shares by telephoning the Fund toll free at 800-860-3863 or logging onto the Fund's website

(<http://muhlx.muhlenkamp.com/>). This option allows investors to move money from their bank account to their Fund account upon request. Only bank accounts held at domestic financial institutions that are Automated Clearing House (“ACH”) members may be used for telephone or Internet transactions. The minimum telephone or Internet purchase amount is \$50. If your order is received prior to the close of the NYSE (generally 4:00 p.m., Eastern Time), shares will be purchased in your account at the NAV determined on the day your order is placed. During periods of high market activity, shareholders may encounter higher than usual call waiting or Internet processing times. Please allow sufficient time to place your telephone or Internet transaction. The Fund is not responsible for delays due to communications or transmission outages or failure. Once a telephone transaction has been placed, it cannot be canceled or modified after the close of regular trading on the NYSE (generally 4:00 p.m., Eastern Time).

For transactions conducted over the Internet, we recommend the use of a secure Internet browser. In addition, you should verify the accuracy of your confirmation statements immediately after you receive them. If an account has more than one owner or authorized person, the Fund will accept telephone or Internet instructions from any one owner or authorized person.

*Subsequent Investments.* The minimum subsequent investment amount is \$50. Shareholders will be given at least 30 days’ written notice of any increase in the minimum dollar amount of subsequent investments. You may add to your account at any time by purchasing shares by mail, by telephone, Internet, or wire. You must call to notify the Fund at 800-860-3863 before wiring. An Invest by Mail form, which is attached to each confirmation statement received from the Transfer Agent, should accompany any investments made through the mail. All subsequent purchase requests must include the Fund name and your shareholder account number. If you do not have the Invest by Mail form from your confirmation statement, include your name, address, Fund name and account number on a separate piece of paper.

*Automatic Investment Plan.* For your convenience, the Fund offers an Automatic Investment Plan (“AIP”). Under the AIP, after your initial investment, you may authorize the Fund to automatically withdraw any amount of at least \$50 per month from your personal checking or savings account that you wish to invest in the Fund. In order to participate in the AIP, your bank must be a member of the ACH network. If you wish to enroll in the AIP, complete the appropriate section in the Account Application or the Account Options Form. The Fund may terminate or modify this privilege at any time. You may terminate your participation in the AIP at any time by notifying the Transfer Agent five days prior to the next scheduled investment. A fee will be charged if your bank does not honor the AIP draft for any reason.

*Individual Retirement Accounts (IRAs).* The Fund offers IRAs, including traditional IRAs, Roth IRAs, SEP-IRAs, SIMPLE-IRAs, and Spousal IRAs. If you wish to open an IRA, visit <http://muhlx.muhlenkamp.com/> for additional information and the necessary forms or call the Fund at 800-860-3863. IRAs established directly with the Transfer Agent are subject to an annual IRA maintenance fee, as discussed in the Fund’s IRA Disclosure Statement and Custodial Account Agreement. The Transfer Agent does not charge annual IRA maintenance fees for IRAs established directly with the Transfer Agent with an account balance of at least \$50,000.

*Anti-Money Laundering Program.* The Trust has established an Anti-Money Laundering Compliance Program (the “Program”) as required by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the “USA PATRIOT Act”) and related anti-money laundering laws and regulations. To ensure compliance with these laws, the Account

Application asks for, among other things, the following information for all “customers” seeking to open an “account”(as those terms are defined in rules adopted pursuant to the USA PATRIOT Act):

- Full name;
- Date of birth (individuals only);
- Social Security or taxpayer identification number; and
- Permanent street address (a P.O. Box number alone is not acceptable).

In compliance with the USA PATRIOT Act of 2001 and other applicable anti-money laundering laws and regulations, please note that the Transfer Agent will verify certain information on your account application as part of the Program. As requested on the account application, you must supply your full name, date of birth, social security number and permanent street address. If you are opening the account in the name of a legal entity (e.g., partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owners. Mailing addresses containing only a P. O. Box will not be accepted. The Fund reserves the right to request additional clarifying information and may close your account if such clarifying information is not received by the Fund within a reasonable time of the request or if the Fund cannot form a reasonable belief as to the true identity of a customer. If you require additional assistance when completing your application, please contact the Transfer Agent at 800-860-3863.

*Cancellations or Modifications.* The Fund will not accept a request to cancel or modify a written transaction once processing has begun. Please exercise care when placing a transaction request.

## **How to Redeem Fund Shares**

In general, orders to sell or “redeem” shares may be placed directly with the Fund or through a financial intermediary. You may redeem all or part of your investment in the Fund’s shares on any business day that the Fund calculates its NAV.

However, if you originally purchased your shares through a financial intermediary, your redemption order must be placed with the same financial intermediary in accordance with their established procedures. Your financial intermediary is responsible for sending your order to the Transfer Agent and for crediting your account with the proceeds. Your financial intermediary may charge for the services that it provides to you in connection with processing your transaction order or maintaining an account with it.

Shareholders who have an IRA or other retirement plan must indicate on their written redemption request whether to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding.

*Payment of Redemption Proceeds.* You may redeem your Fund shares at a price equal to the NAV per share next determined after the Transfer Agent or an Authorized Intermediary receives your redemption request in good order. Your redemption request cannot be processed on days the NYSE is closed. All requests received by the Fund in good order after the close of the regular trading session of the NYSE (generally 4:00 p.m., Eastern Time) will usually be processed on the next business day. Under normal circumstances, the Fund expects to meet redemption requests through the sale of investments held in cash or cash equivalents. In situations in which investment holdings in cash or cash equivalents are not sufficient to meet redemption requests, the Fund will typically borrow money through the Fund’s bank line-of-credit. The Fund may also choose to sell portfolio assets for the purpose of meeting such requests.

The Fund further reserves the right to distribute “in-kind” securities from the Fund’s portfolio in lieu (in whole or in part) of cash under certain circumstances, including under stressed market conditions. Redemptions-in-kind are discussed in greater detail below.

A redemption request will be deemed in “good order” if it includes:

- The shareholder’s name;
- The name of the Fund;
- The account number;
- The share or dollar amount to be redeemed; and
- Signatures by all shareholders on the account and signature guarantee(s), if applicable.

Redemption requests will not become effective until all documents have been received in good form by the Transfer Agent. The Transfer Agent may require additional documents for the sales of shares by a corporation, partnership, agent, fiduciary, surviving joint owner or from accounts with executors, trustees, administrations or guardians. Shareholders should contact the Transfer Agent for further information concerning documentation required for redemptions of Fund shares. Redemption requests that do not have the required documentation will be rejected.

While redemption proceeds may be paid by check sent to the address of record, the Fund is not responsible for interest lost on such amounts due to lost or misdirected mail. Redemption proceeds may be wired to your pre-established bank account or proceeds may be sent via electronic funds transfer through the ACH network using the bank instructions previously established for your account. The Fund typically sends the redemption proceeds on the next business day (a day when the NYSE is open for normal business) after the redemption request is received in good order and prior to market close, regardless of whether the redemption proceeds are sent via check, wire or ACH transfer. Wires are subject to a \$15 fee. There is no charge to have proceeds sent via ACH; however, funds are typically credited to your bank within two to three days after redemption. Except as set forth below, proceeds will be paid within seven calendar days after the Fund receives your redemption request. Under unusual circumstances, the Fund may suspend redemptions, or postpone payment for up to seven days, as permitted by federal securities law.

Please note that if the Transfer Agent has not yet collected payment for the shares you are redeeming, it may delay sending the proceeds until the payment is collected, which may take up to 12 calendar days from the purchase date. This delay will not apply if you purchased your shares via wire payment. Furthermore, there are certain times when you may be unable to sell Fund shares or receive proceeds. Specifically, the Fund may suspend the right to redeem shares or postpone the date of payment upon redemption for more than seven calendar days: (1) for any period during which the NYSE is closed (other than customary weekend or holiday closings) or trading on the NYSE is restricted; (2) for any period during which an emergency exists as a result of which disposal by the Fund of its securities is not reasonably practicable or it is not reasonably practicable for the Fund to fairly determine the value of its net assets; or (3) for such other periods as the SEC may, by order, permit for the protection of shareholders. Your ability to redeem shares by telephone or by Internet will be restricted for 15 calendar days after you change your address. You may change your address at any time by telephone, Internet or written request, addressed to the Transfer Agent. Confirmations of an address change will be sent to both your old and new address.

*Signature Guarantee.* Redemption proceeds will be sent to the address of record. The Transfer Agent may require a signature guarantee for certain redemption requests. A signature guarantee assures that your signature is genuine and protects you from unauthorized account redemptions. Signature guarantees can be obtained from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program (“STAMP”), *but not from a notary public.* A signature guarantee, from either a Medallion program member or a non-Medallion program member, is required of each owner in the following situations:

- If ownership is being changed on your account;
- When redemption proceeds are payable or sent to any person, address or bank account not on record;
- When a redemption is received by the Transfer Agent and the account address has changed within the last 15 calendar days;
- For all redemptions in excess of \$100,000 from any shareholder account.

Non-financial transactions, including establishing or modifying the ability to purchase and redeem Fund shares by telephone and certain other services on an account, may require a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source.

In addition to the situations described above, the Fund and/or the Transfer Agent reserve the right to require a signature guarantee or other acceptable signature verification in other instances based on the circumstances relative to the particular situation.

*Redemption by Mail.* You may execute most redemptions by furnishing an unconditional written request to the Fund to redeem your shares at the next calculated NAV per share upon receipt of such request. Written redemption requests should be sent to the Transfer Agent at:

**Regular Mail**

Muhlenkamp Fund  
c/o U.S. Bank Global Fund Services  
P.O. Box 701  
Milwaukee, WI 53201-0701

**Overnight or Express Mail**

Muhlenkamp Fund  
c/o U.S. Bank Global Fund Services  
615 East Michigan Street, 3rd Floor  
Milwaukee, WI 53202

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at U.S. Bancorp Fund Services, LLC post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent of the Fund. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent’s offices.

*Wire Redemption.* Wire transfers may be arranged to redeem shares. However, the Transfer Agent charges a fee, currently \$15, per wire redemption against your account on dollar specific trades, and from proceeds on complete redemptions and share-specific trades.

*Telephone or Internet Redemption.* If you have accepted telephone transactions on your Account Application or have been authorized to perform telephone transactions by subsequent arrangement in writing with the Fund, you may redeem shares, including shares held in IRAs and other retirement plans, in amounts of \$100,000 or less, by instructing the Fund by telephone at 800-860-3863. Investors in an IRA or other retirement plan will be asked whether or not to withhold federal income tax. If you have set up Internet options on your account, you may also redeem up to \$50,000 per day of Fund shares through the Internet at <http://muhlx.muhlenkamp.com/>. IRA redemptions cannot be accomplished via the internet.

In order to qualify for, or to change, telephone or Internet redemption privileges on an existing account, a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source may be required of all shareholders. Telephone redemptions will not be made if you have notified the Transfer Agent of a change of address within 15 calendar days before the redemption request. Shareholders may encounter higher than usual call waiting times or slow Internet connectivity during periods of high market activity. Please allow sufficient time to place your telephone or Internet transaction. The Fund is not responsible for delays due to communication or transmission outages or failures.

*Note:* Neither the Fund nor any of its service providers will be liable for any loss or expense in acting upon instructions that are reasonably believed to be genuine. To confirm that all telephone instructions are genuine, the Fund will use reasonable procedures, such as requesting that you correctly state:

- Your Fund account number;
- The name in which your account is registered; and/or
- The Social Security or taxpayer identification number under which the account is registered.

If an account has more than one owner or person authorized to perform transactions, the Fund will accept telephone instructions from any one owner or authorized person.

*Systematic Withdrawal Program.* The Fund offers a systematic withdrawal plan (the “SWP”) whereby shareholders or their representatives may request that a redemption in any specific dollar amount of at least \$100 be sent to them each month, calendar quarter, or annually. Investors may choose to have a check sent to the address of record, or proceeds may be sent to a pre-designated bank account via the ACH network. Any withdrawal under the SWP involves a redemption of Fund shares and will be subject to IRS regulations. To start this program, your account must have Fund shares with a value of at least \$5,000 or be an IRA of any value. This program may be terminated or modified by the Fund at any time. Any request to change or terminate your SWP should be communicated in writing or by telephone to the Transfer Agent no later than five days before the next scheduled withdrawal. In addition, if the amount requested to be withdrawn exceeds the rate of growth of assets in your account, including any dividends credited to your account, the account will ultimately be depleted. To establish the SWP, complete the SWP section of an Account Options Form or an IRA Distribution Form (for IRA accounts). Please call 800-860-3863 for additional information regarding the SWP.

*The Fund’s Right to Redeem an Account and Charge Below Minimum Account Fee.* The Fund reserves the right to redeem the shares of any shareholder whose account balance is less than \$1,000, other than as a result of a decline in the NAV of the Fund. The Fund will provide the shareholder with written notice 30 days prior to redeeming the shareholder’s account. In addition, on or about November 30th of each year, all accounts not enrolled in the AIP with balances less than \$1,500, other than as a result of a decline in the NAV of the Fund, will be charged a \$15 fee. Such fees will be used to lower Fund expenses. The Fund reviews accounts and charges this fee annually.

*Redemption-in-Kind.* The Fund generally pays redemption proceeds in cash. However, under unusual conditions that make the payment of cash unwise (and for the protection of the Fund's remaining shareholders), the Fund may pay all or part of a shareholder's redemption proceeds in portfolio securities with a market value equal to the redemption price (redemption-in-kind).

Specifically, if the amount you are redeeming from the Fund during any 90-day period is in excess of the lesser of \$250,000 or 1% of the Fund's net assets, valued at the beginning of such period, the Fund has the right to redeem your shares by giving you the amount that exceeds \$250,000 or 1% of the Fund's net assets in securities instead of cash. If the Fund pays your redemption proceeds by a distribution of securities, you could incur taxes, brokerage commissions or other charges in converting the securities to cash, and you will bear any market risks associated with such securities until they are converted into cash.

*Cancellations or Modifications.* The Fund will not accept a request to cancel or modify a written transaction once processing has begun. Please exercise care when placing a transaction request.

## **Dividends and Distributions**

The Fund will make distributions of net investment income and net capital gains, if any, at least annually, typically during the month of December. The Fund may make additional distributions if deemed to be desirable at other times during the year.

All distributions will be reinvested in Fund shares unless you choose one of the following options: (1) receive distributions of net capital gains in cash, while reinvesting net investment income distributions in additional Fund shares; (2) receive all distributions in cash; (3) reinvest net capital gain distributions in additional Fund shares, while receiving distributions of net investment income in cash; or (4) receive a percentage of net capital gains and/or net investment income distribution in cash, while reinvesting the balance in additional Fund shares.

If you wish to change your distribution option, write or call the Transfer Agent in advance of the payment date of the distribution. However, any such change will be effective only as to distributions for which the record date is five or more calendar days after the Transfer Agent has received your request.

If you elect to receive distributions in cash and the U.S. Postal Service is unable to deliver your check, or if a check remains uncashed for six months, the Fund reserves the right to reinvest the distribution check in your account at the Fund's then current NAV per share and to reinvest all subsequent distributions.

## **Tools to Combat Frequent Transactions**

The Fund is intended for long-term investors. Short-term "market-timers" who engage in frequent purchases and redemptions may disrupt the Fund's investment program and create additional transaction costs that are borne by all of the Fund's shareholders. The Board of Trustees has adopted policies and procedures that are designed to discourage excessive, short-term trading and other abusive trading practices that may disrupt portfolio management strategies and harm performance. The Fund takes additional steps to reduce the frequency and effect of these activities in the Fund. These steps include, among other things, monitoring trading activity and using fair value pricing. Although these efforts are designed to discourage abusive trading practices, these tools cannot eliminate the possibility that such activity will occur. The Fund seeks to exercise judgment in implementing these tools to the best of its

ability and in a manner that it believes is consistent with shareholder interests. Except as noted herein, the Fund applies all restrictions uniformly in all applicable cases.

*Monitoring Trading Practices.* The Fund monitors selected trades in an effort to detect excessive short-term trading activities. If, as a result of this monitoring, the Fund believes that a shareholder has engaged in excessive short-term trading, it may, in its discretion, ask the shareholder to stop such activities or refuse to process purchases in the shareholder's accounts. In making such judgments, the Fund seeks to act in a manner that it believes is consistent with the best interests of its shareholders. The Fund uses a variety of techniques to monitor for and detect abusive trading practices. These techniques may change from time to time as determined by the Fund in its sole discretion. To minimize harm to the Fund and its shareholders, the Fund reserves the right to reject any purchase order (but not a redemption request), in whole or in part, for any reason and without prior notice. The Fund may decide to restrict purchase and sale activity in its shares based on various factors, including whether frequent purchase and sale activity will disrupt portfolio management strategies and adversely affect Fund performance.

*Fair Value Pricing.* The Fund employs fair value pricing selectively to ensure greater accuracy in its daily NAV and to prevent dilution by frequent traders or market timers who seek to take advantage of temporary market anomalies. The Board of Trustees has developed procedures that utilize fair value pricing when reliable market quotations are not readily available or when corporate events, events in the securities market and/or world events cause the Adviser to believe that a security's last sale price may not reflect its actual market value. Valuing securities at fair value involves reliance on judgment. Fair value determinations are made in good faith in accordance with procedures adopted by the Board of Trustees. There can be no assurance that the Fund will obtain the fair value assigned to a security if it were to sell the security at approximately the time at which the Fund determines its NAV per share. More detailed information regarding fair value pricing can be found in this Prospectus under the heading entitled "Pricing of Fund Shares."

Due to the complexity and subjectivity involved in identifying abusive trading activity and the volume of shareholder transactions the Fund handles, there can be no assurance that the Fund's efforts will identify all trades or trading practices that may be considered abusive. In particular, since the Fund receives purchase and sale orders through Authorized Intermediaries that use group or omnibus accounts, the Fund cannot always detect frequent trading. However, the Fund will work with Authorized Intermediaries as necessary to discourage shareholders from engaging in abusive trading practices and to impose restrictions on excessive trades. In this regard, the Fund has entered into information sharing agreements with Authorized Intermediaries pursuant to which these intermediaries are required to provide to the Fund, at the Fund's request, certain information relating to their customers investing in the Fund through non-disclosed or omnibus accounts. The Fund will use this information to attempt to identify abusive trading practices. Authorized Intermediaries are contractually required to follow any instructions from the Fund to restrict or prohibit future purchases from shareholders that are found to have engaged in abusive trading in violation of the Fund's policies. However, the Fund cannot guarantee the accuracy of the information provided to it from Authorized Intermediaries and cannot ensure that it will always be able to detect abusive trading practices that occur through non-disclosed and omnibus accounts. As a result, the Fund's ability to monitor and discourage abusive trading practices in non-disclosed and omnibus accounts may be limited.

## Tax Consequences

Distributions of the Fund's net investment company taxable income (which includes, but is not limited to, interest, dividends, net short-term capital gains and net gains from foreign currency transactions), if any, are generally taxable to the Fund's shareholders as ordinary income. To the extent that the Fund's distributions of net investment company taxable income are designated as attributable to "qualified dividend" income, such income may be subject to tax at the reduced rate of federal income tax applicable to non-corporate shareholders for net long-term capital gains, if certain holding period requirements have been satisfied by the shareholder. To the extent that the Fund's distributions of net investment company taxable income are attributable to net short-term capital gains, such distributions will be treated as ordinary dividend income for the purposes of income tax reporting and will not be available to offset a shareholder's capital losses from other investments.

Distributions of net capital gains (net long-term capital gains less net short-term capital losses) are generally taxable as long-term capital gains (currently at a maximum federal rate of 20% for individual shareholders in the highest income tax bracket) regardless of the length of time that a shareholder has owned Fund shares, unless you are a tax-exempt organization or are investing through a tax-advantaged arrangement such as a 401(k) plan or IRA.

A 3.8% Medicare tax on net investment income (including capital gains and dividends) will also be imposed on individuals, estates and trusts, subject to certain income thresholds.

You will be taxed in the same manner whether you receive your distributions (whether of net investment company taxable income or net capital gains) in cash or reinvest them in additional Fund shares. Distributions are generally taxable when received. However, distributions declared in October, November or December to shareholders of record on a date in such a month and paid the following January are taxable as if received on December 31.

Shareholders who sell, or redeem, shares generally will have a capital gain or loss from the sale or redemption. The amount of the gain or loss and the applicable rate of federal income tax will depend generally upon the amount paid for the shares, the amount of reinvested taxable distributions, if any, the amount received from the sale or redemption and how long the shares were held by a shareholder. Any loss arising from the sale or redemption of shares held for six months or less, however, is treated as a long-term capital loss to the extent of any amounts treated as distributions of net capital gain received on such shares. In determining the holding period of such shares for this purpose, any period during which your risk of loss is offset by means of options, short sales or similar transactions is not counted. If you purchase Fund shares within 30 days before or after redeeming other Fund shares at a loss, all or part of that loss will not be deductible and will instead increase the basis of the newly purchased shares.

Shareholders will be advised annually as to the federal tax status of all distributions made by the Fund for the preceding year. Distributions by the Fund and gains from the sale of Fund shares may also be subject to state and local taxes. Additional tax information may be found in the SAI.

This section assumes you are a U.S. shareholder and is not intended to be a full discussion of federal tax laws and the effect of such laws on you. There may be other federal, state, foreign or local tax considerations applicable to a particular investor. You are urged to consult your own tax advisor.

## Other Fund Policies

*Telephone and Internet Fraud.* If you accepted telephone or online account access transactions on your Account Application or have been authorized to perform telephone or Internet transactions by subsequent arrangement in writing with the Fund, you may be responsible for any fraudulent telephone or Internet orders as long as the Fund has taken reasonable precautions to verify your identity. In addition, once you place a telephone transaction request, it cannot be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m. Eastern Time).

During periods of significant economic or market change, telephone transactions may be difficult to complete. If you are unable to contact the Fund by telephone, you may also mail the requests to the Fund at the address listed previously in the “How to Purchase Shares” section.

Telephone trades must be received by or prior to the close of the NYSE (generally 4:00 p.m., Eastern Time). Please allow sufficient time to ensure that you will be able to complete your telephone transaction prior to the close of the NYSE.

*Policies of Other Financial Intermediaries.* Financial intermediaries may establish policies that differ from those of the Fund. For example, the institution may charge transaction fees, set higher minimum investments or impose certain limitations on buying or selling shares in addition to those identified in this Prospectus. Please contact your financial intermediary for details.

*Closing the Fund.* The Adviser retains the right to close (or partially close) the Fund to new purchases if it is determined to be in the best interest of the Fund’s shareholders. Based on market and Fund conditions, the Adviser may decide to close the Fund to new investors, all investors or certain classes of investors (such as fund supermarkets) at any time. If the Fund is closed to new purchases, it will continue to honor redemption requests, unless the right to redeem shares has been temporarily suspended as permitted by federal law.

*Householding.* In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses and annual and semi-annual reports you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders the Fund reasonably believes are from the same family or household. If you would like to discontinue householding for your accounts, please call toll-free at 800-860-3863 to request individual copies of these documents. Once the Fund receives notice to stop householding, the Fund will begin sending individual copies 30 days after receiving your request. This Householding policy does not apply to account statements.

*Lost Shareholders, Inactive Accounts and Unclaimed Property.* It is important that the Fund maintains a correct address for each shareholder. An incorrect address may cause a shareholder’s account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the shareholder or rightful owner of the account. If the Fund is unable to locate the shareholder, then it will determine whether the shareholder’s account can legally be considered abandoned. Your mutual fund account may be transferred to the state government of your state of residence if no activity occurs within your account during the “inactivity period” specified in your state’s abandoned property laws.

The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The shareholder's last known address of record determines which state has jurisdiction. Please proactively contact the Transfer Agent toll-free at 800-860-3863 at least annually to ensure your account remains in active status.

If you are a resident of the state of Texas, you may designate a representative to receive notifications that, due to inactivity, your mutual fund account assets may be delivered to the Texas Comptroller. Please contact the Transfer Agent if you wish to complete a Texas Designation of Representative form.

## **Distribution of Fund Shares**

---

### **The Distributor**

Quasar Distributors, LLC (the "Distributor") is located at 111 East Kilbourn Avenue, Suite 2200, Milwaukee, Wisconsin 53202, and serves as distributor and principal underwriter to the Fund. The Distributor is a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc. Shares of the Fund are offered on a continuous basis.

### **Payments to Financial Intermediaries**

The Fund may pay service fees to intermediaries, such as banks, broker-dealers, financial advisors or other financial institutions, including affiliates of the Adviser, for sub-administration, sub-transfer agency and other shareholder services associated with shareholders whose shares are held of record in omnibus accounts, other group accounts or accounts traded through registered securities clearing agents.

The Adviser, out of its own resources and without additional cost to the Fund or its shareholders, may provide additional cash payments to intermediaries who sell shares of the Fund. These payments and compensation are in addition to service fees paid by the Fund, if any. Payments are generally made to intermediaries that provide shareholder servicing, marketing support or access to sales meetings, sales representatives and management representatives of the intermediary. Payments may also be paid to intermediaries for inclusion of the Fund on a sales list, including a preferred or select sales list or in other sales programs. Compensation may be paid as an expense reimbursement in cases in which the intermediary provides shareholder services to the Fund. The Adviser may also pay cash compensation in the form of finder's fees that vary depending on the dollar amount of the shares sold.

## Financial Highlights

The following financial highlights are intended to help you understand the Fund's financial performance. Certain information reflects financial results for a single Fund share. Total returns represent the rate an investor would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions, if any). This information has been derived from the financial statements audited by Cohen & Company, Ltd., the Fund's independent registered public accounting firm, whose report, along with the Fund's financial statements, is included in the Fund's annual report, which is available upon request or on the Fund's website at <https://muhlx.muhlenkamp.com/>.

PERSHARE DATA:	Year Ended December 31,				
	2020	2019	2018	2017	2016
<b>NET ASSET VALUE, BEGINNING OF YEAR</b>	\$47.12	\$41.71	\$55.21	\$48.47	\$50.33
INVESTMENT OPERATIONS:					
Net investment income (loss)	0.11	0.18	0.12	0.20	(0.08)
Net realized and unrealized gains (losses) on investments	5.47	5.82	(7.49)	8.92	(1.78)
Total from investment operations	5.58	6.00	(7.37)	9.12	(1.86)
LESS DISTRIBUTIONS:					
From net investment income	(0.13)	(0.19)	(0.16)	(0.19)	—
From realized gains	(4.78)	(0.40)	(5.97)	(2.19)	—
Total distributions	(4.91)	(0.59)	(6.13)	(2.38)	—
<b>NET ASSET VALUE, END OF YEAR</b>	<b>\$47.79</b>	<b>\$47.12</b>	<b>\$41.71</b>	<b>\$55.21</b>	<b>\$48.47</b>
TOTAL RETURN	11.86%	14.39%	-13.29%	18.77%	-3.70%
NET ASSETS, END OF YEAR (in millions)	\$180	\$185	\$188	\$259	\$254
RATIO OF EXPENSES TO AVERAGE NET ASSETS					
Excluding expense waiver/reductions	1.29%	1.28%	1.25%	1.25%	1.25%
Including expense waiver/reductions <sup>(1)</sup>	1.10%	1.12% <sup>(2)</sup>	1.20%	1.21%	1.25%
RATIO OF NET INVESTMENT INCOME (LOSS) TO AVERAGE NET ASSETS					
Including expense waiver/reductions	0.24%	0.38%	0.20%	0.37%	(0.15)%
PORTFOLIO TURNOVER RATE	24.64%	40.19%	9.55%	19.32%	39.75%

(1) The ratio includes expense reductions for minimum account maintenance fees deposited into the Fund.

(2) Prior to February 28, 2019, the annual expense limitation was 1.20% of the average daily net assets. Thereafter it was 1.10%.

## PRIVACY NOTICE

---

The Fund collects only relevant information about you that the law allows or requires it to have in order to conduct its business and properly service you. The Fund collects financial and personal information about you (“Personal Information”) directly (*e.g.*, information on account applications and other forms, such as your name, address, and social security number, and information provided to access account information or conduct account transactions online, such as password, account number, e-mail address, and alternate telephone number), and indirectly (*e.g.*, information about your transactions with us, such as transaction amounts, account balance and account holdings).

The Fund does not disclose any non-public personal information about its shareholders or former shareholders other than for everyday business purposes such as to process a transaction, service an account, respond to court orders and legal investigations or as otherwise permitted by law. Third parties that may receive this information include companies that provide transfer agency, technology and administrative services to the Fund, as well as the Fund’s investment adviser who is an affiliate of the Fund. If you maintain a retirement/educational custodial account directly with the Fund, we may also disclose your Personal Information to the custodian for that account for shareholder servicing purposes. The Fund limits access to your Personal Information provided to unaffiliated third parties to information necessary to carry out their assigned responsibilities to the Fund. All shareholder records will be disposed of in accordance with applicable law. The Fund maintains physical, electronic and procedural safeguards to protect your Personal Information and requires its third-party service providers with access to such information to treat your Personal Information with the same high degree of confidentiality.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank, credit union or trust company, the privacy policy of your financial intermediary governs how your non-public personal information is shared with unaffiliated third parties.

## **FOR MORE INFORMATION**

You can find more information about the Fund in the following documents:

### **Statement of Additional Information**

The SAI provides additional details about the investments and techniques of the Fund and certain other additional information. A current SAI is on file with the SEC and is incorporated into this Prospectus by reference. This means that the SAI is legally considered a part of this Prospectus even though it is not physically within this Prospectus.

### **Annual and Semi-Annual Reports**

The Fund's annual and semi-annual reports provide additional information about the Fund's investments. The annual report contains a discussion of the market conditions and investment strategies that affected the Fund's performance during its prior fiscal year.

You can obtain a free copy of these documents and the SAI, request other information, or make general inquiries about the Fund by calling the Fund (toll-free) at (800) 860-3863, by visiting the Fund section of the Adviser's website at <https://muhlx.muhlenkamp.com/> or by writing to:

**Muhlenkamp Fund**  
c/o U.S. Bank Global Fund Services  
P.O. Box 701  
Milwaukee, Wisconsin 53201-0701

You can review and copy information, including the Fund's reports and SAI:

- Free of charge from the SEC's EDGAR database on the SEC's Internet website at <http://www.sec.gov>; or
- For a fee, by electronic request at the following e-mail address: [publicinfo@sec.gov](mailto:publicinfo@sec.gov).
